

Clopyralid Herbicide Use Restriction

The use of herbicides containing the ingredient clopyralid is now prohibited on most lawns or ornamental sites in Oregon. Products containing this ingredient are listed on the back of this card. Do not use these products for lawns or ornamental sites even if the label indicates you can. If the label allows, clopyralid products may be used on golf courses, agricultural, cemetery and forestry sites. Treated vegetation must not be used in compost.

Es prohibido el uso de herbicidas que tienen el ingrediente clopyralid en casi todo tipo de jardín. Al inverso de esta tarjeta hay una lista de productos que tienen este ingrediente. No use éstos productos para jardines aunque el rótulo lo indique. Si el rótulo lo permite, puede usar estos productos en lugares de tipo agricultura, silvicultura, cementerios y campos de golf. No haga abono con vegetación que ha sido tratada con clopyralid.

For more information contact Oregon Department of Agriculture at 503-986-4635 or visit our website <http://oda.state.or.us/pesticide/index.html>
