Proposed Conditional No Further Action for Sass Heating Oil Release

Comments due: 5 p.m., March 2, 2012

Project location: 41314 Robinette Road, Richland, Baker County

Proposal: The Oregon Department of Environmental Quality proposes to issue a conditional no further action determination for the Environmental Cleanup Program site #5629: Sass Heating Oil Aboveground Storage Tank Release, located at 41314 Robinette Road, Richland. DEQ issues a conditional no further action determination when an environmental cleanup has met regulatory requirements with a restrictive condition.

Highlights: A release of heating oil was reported to DEQ in July 2011 from a former aboveground storage tank. Apparently a supply line to the AST leaked into the crawl space beneath the residence. The timing and quantity of the release is unknown. A notice will be filed with the deed prohibiting use of shallow groundwater for domestic purposes. DEQ has determined that the cleanup meets the requirements of Oregon Revised Statute 465.315. Pollutant levels remaining in soil and potentially in groundwater after the cleanup actions are protective of human health and the environment.

How to comment: Send comments by 5 p.m., March 2, 2012 to DEQ Project Manager Marcy Kirk by mail at 475 NE Bellevue Drive, Suite 110, Bend, OR 97701, by email at kirk.marcy@deq.state.or.us or, or by fax at 541-388-8283.

To review the project file, call Marcy Kirk at 541-633-2009 for a file review appointment. To access site summary information and the staff report in DEQ's Environmental Cleanup Site Information (ECSI) database on the Internet, go to <http://www.deq.state.or.us/lq/ECSI/ecsiquery.asp>, then enter 5629 in the Site ID box and click "Submit" at the bottom of the page. Next, click the link labeled 5629 in the Site ID/Info column.

The next step: DEQ will consider all public comments received before making a final decision on the proposed conditional no further action determination. DEQ will provide written responses to all public comments received.
