

# Oregon Department of Environmental Quality

## POLICY OPTION PACKAGES

#	Title: Purpose
<b>110</b>	<b>Climate Change: Greenhouse Gas Reduction.</b> Provides resources to develop and implement greenhouse gas reporting, a cap-and-trade program and other greenhouse gas reduction measures and incentives. Adds 10 positions (7.75 FTE). <b>Funding: \$1,183,869 GF; \$1,151,668 OF</b>
<b>114</b>	<b>Implement New Federal Air Toxics Requirements.</b> Provides resources to work with the approximately 2,600 newly regulated sources that will be required to comply with new federal National Emission Standards for Hazardous air Pollutants. Adds 9 positions (6 FTE). <b>Funding: \$872,297 OF</b>
<b>116</b>	<b>Clean Air Transportation Collaborative.</b> Provides funding for DEQ and Lane Regional Air Protection Agency to evaluate air quality issues and plan construction, public highways, roads and streets to avoid or minimize air quality impacts. Adds 4 positions (3 FTE). <b>Funding: \$560,083 OF</b>
<b>117</b>	<b>Field Burning and Smoke Management.</b> Provides resources to implement HB 2183, including field burning rule development. Allows DEQ to recommend improvements to interagency coordination of smoke management programs. Adds 1 position (1 FTE). <b>Funding: \$172,683 GF</b>
<b>119</b>	<b>Complete Title V Staffing Phase-in.</b> Restores a regional engineering position, as agreed to in the 2007 fee increase negotiations, to allow permitting work to continue in a timely manner and to assure that facilities comply with permit requirements. Restores 1 position (1 FTE). <b>Funding: \$177,432 OF</b>
<b>121</b>	<b>Ongoing Implementation of SB 737: Priority Persistent Pollutants.</b> Continues 2 positions (0.75 FTE) through June 2010 that are funded by a 2-year surcharge. <b>Funding: \$182,917 OF</b>
<b>123</b>	<b>Drinking Water Protection.</b> Continues 6 federally-funded positions (5.5 FTE) to implement drinking water protection strategies. <b>Funding: \$1,084,733 OF</b>
<b>124</b>	<b>Clean Water State Revolving Fund:</b> Adds 4 new positions (4 FTE) to help municipalities with infrastructure needs and conduct EPA-required work for the program. <b>Funding: \$658,018 OF</b>
<b>126</b>	<b>Coastal Beach Bacteria Monitoring:</b> Continues 2 federally-funded positions (1.2 FTE) to monitor bacteria levels at Oregon's beaches. <b>Funding: \$216,197 OF</b>
<b>127</b>	<b>Water Quality 401 Project Certification:</b> Supports timely water quality review and technical assistance for removal/fill projects in rivers, lakes, streams and wetlands. Adds 1.5 FTE and restores 1.4 FTE (4 positions) on fees. <a href="#">Fact Sheet</a> <b>Funding: \$509,355 OF</b>
<b>132</b>	<b>Product Stewardship for Waste Products.</b> Provides two positions to help DEQ develop product stewardship policy and to work with stakeholders to draft framework legislation for the 2011 session. 2 positions (1.83 FTE). <b>Funding: \$277,890 OF</b>
<b>140</b>	<b>Information Management Infrastructure.</b> Adds an information services position (1 FTE) to help DEQ maintain current information systems and keep up with constantly evolving technologies. <b>Funding: \$210,305 OF</b>
<b>150</b>	<b>Environmental Information Exchange Network.</b> Continues 3 federally funded positions (3 FTE) for the National Environmental Information Exchange Network. <b>Funding: \$564,895 FF</b>
<b>162</b>	<b>Water Quality Review for ASR Projects.</b> Allows DEQ to ensure that aquifer storage and recovery and aquifer recharge projects improve water quality and work with WRD to develop a comprehensive water supply and quality strategic plan for Oregon. Add 2 positions (2 FTE). <b>Funding: \$401, 851 GF</b>
<b>166</b>	<b>Restore Onsite Septic System Program.</b> Restores 2.5 positions (2.5 FTE) responsible for technical work necessary to process applications in the 2009-11 biennium. <b>Funding: \$ 522,035 OF</b>
<b>181/191</b>	<b>Clean Water SRF: Bond Debt Service &amp; Loans and Bonds.</b> Reauthorize bonds to leverage up to \$45 million in federal funds to provide low-interest loans for community clean water projects, including wastewater treatments systems.
